MRS. PERSIS THURSTON TAYLOR HAS PASSED TO REST

MRS. PERSIS THURSTON TAYLOR.

After an illness lasting for many months, Mrs. Persis Thurston Taylor passed quietly and peacefully away at 9:25 last night, at the home of her daughter, Mrs. Jacob Winne, on Beretania street, in this city, in her eighty-fifth year.

Mrs. Taylor was the daughter of Rev. Asa and Lucy Thurston, pioneer missionaries to Hawaii. She was born at Kailua, Hawaii, September 28, 1821. She was educated by her parents, later graduating from Mt. Holyoke Seminary.

On August 12, 1847, she was married to Rev. T. E. Taylor, of La Grange, N. Y. Mr. Taylor was appointed by the American Seamen's Friend Society as chaplain at Lahaina in 1848, and was pastor of the Fort Street church, in Honolulu, from 1852 to 1854. He subsequently removed to California for his health, serving as a pastor in that State and in Nevada, until his death in 1883.

Mrs. Taylor accompanied her husband in his varied sojourns, and after his death, returned to the islands, where she has since resided. She was an earnest, cheery, Christian character, a member of the Central Union church. She was one of the original members of the Strangers' Friend Society, organized in Honolulu on June 11, 1852, and was one of the earliest whiter born in Hawaii. She was a charter member of the "Cousins' Society."

Mrs. Taylor leaves surviving her, two daughters and three sons—Mrs. Jacob Winne, Mrs. Chas. Kluegel, Henry and James Taylor, civil engineers, all of this city, and Edward Taylor of San Francisco. She was the aunt of Lorrin A. Thurston and Mrs. Helen Alexander.

The funeral services will be held at 4 p. m. today from Central Union church. Interment will be in Nuanu cemetery.

VEGETARIAN ATHLETES.

It would almost seem that athletic records are set up by meat eaters only in order that they may be knocked down by vegetarians, says the London Daily News.

Last year George Allen knocked seven days off the walking record from Land's End to John O'Groats, and now G. A. Olley has lowered the unpaired cycling record over the same route by eleven hours, which is a feat that is likely to remain unequalled for some time to come.

Strict training is indispensable to those severe athletic feats, and a most important part of that training depends upon diet. It is not true that diet is everything but it is so much that these repeated victories by vegetarians are the best advertisement that cause has.

The grand challenge has not yet been won by a vegetarian crew, or even the diamonds by a graminivorous sculler, but it certainly seems that the physi-

cally active man whose digestion is equal to it keeps himself in best condition without tasting meat.

How much intellectual vegetarians like George Bernard Shaw owe to the things they eat or do not eat is a question that will take longer to thresh out. At any rate, the day has gone by when vegetarianism was looked upon as mild but fairly certain form of suicide.

Clerical tourist (visiting cathedral)—"Always open, eh? And do you find that people come here on week-days for rest and meditation?" Verger—"Aye, that they do, odd times. Why, I caught some of 'em at it only last Toosday!"—Punch.

A FAIR EXCHANGE.

Large sums of money are no doubt realized from simple speculation, but the great fortunes are derived from legitimate and honest business—where the goods furnished are worth the price they bring. Certain famous business men have accumulated their millions wholly in this way. Prompt and faithful in every contract or engagement they enjoy the confidence of the public and command a class of trade that is refused to unstable or tricky competitors. In the long run it does not pay to cheat or deceive others. A humbug may be advertised with a noise like the blowing of a thousand trumpets, but it is soon detected and exposed. The manufacturers of WAMPOL'S PREPARATION have always acted on very different principles. Before offering it to the public they first made sure of its merits. Then, and then only, did its name appear in print. People were assured of what it would do, and found the statement truthful. To-day they believe in it as we all believe in the word of a tried and trusted friend. It is palatable as honey and contains all the nutritive and curative properties of Pure Cod Liver Oil, extracted by us from fresh cod livers, combined with the Compound Syrup of Hypophosphites and the Extracts of Malt and Wild Cherry. It aids digestion, drives impurities from the blood, and cures Anemia, Scrofula, Debility, Influenza, Throat and Lung Troubles, and Wasting Complaints. Dr. Louis W. Bishop says: "I take pleasure in saying I have found it a most efficient preparation, embodying all of the medicinal properties of a pure cod liver oil in a most palatable form." It is a scientific remedy and a food with a delicious taste and flavour. One bottle convinces. "You cannot be disappointed in it." Sold by chemists here and everywhere.
